

**Subject:** SWTPR Email Vote

**Importance:** High

Good morning SWTPR voting members and alternates,

As [previously noticed](#), today marks the official call for an email vote on action items originally scheduled for the April 10, 2025, meeting. At that time, we requested permission to conduct an email vote due to the agenda not being dated and not being posted publicly 24 hours in advance. We received 11 affirmations, 1 objection, and 5 non-responses. All email responses will be preserved with the official meeting minutes for public record.

Please review and vote on the following three items:

**1. Approval of Meeting Minutes**

Do you approve the SWTPR meeting minutes from February 13, 2025?

**2. Approval of Financial Statement**

Do you approve the financial statement presented on April 10, 2025?

*Note: A question was raised regarding the negative balance. This occurred because TPR expenditures are reimbursed quarterly. Funds have been expended and are currently pending reimbursement.*

**3. Approval of the SWTPR 2050 Priority Project List**

Do you approve the updated priority list as attached?

*The following changes were requested during the April 10 meeting and have been incorporated into the attached spreadsheet:*

- Project 2523 now references “bus service” instead of naming Bustang Outrider.
- Project 1058 has had “proposed outrider service” removed.
- Priority 12 and other projects now include expanded detail as discussed.

Please note: **Only one vote per entity will be counted.** If both a primary and an alternate respond, the vote of the **primary representative** will take precedence in the event of any discrepancy.

Kindly respond with your vote by **Wednesday, April 23, 2025, at 11:59 p.m.**

Thank you for your time and continued participation.

Thank you,

**Shak Powers**

**Regional Projects Manager**
